ERP Worksheet - Obsessions & Compulsions Monitoring Log

Exposure & Response (Ritual) Prevention (EX/RP) for OCD | Obsessions, Compulsions, Triggers & SUDS Rating

Based on: Foa, Yadin & Lichner - Exposure and Response (Ritual) Prevention for OCD: Therapist Guide (2nd ed.), Oxford Univ. Press. SUDS after Wolpe (1969).

How to use this sheet / Ise kaise bharna hai

1. List your obsessions. Jo baar-baar aane wale khayal, images, dar ya doubts aate hain (jaise 'haath gande hain', 'darwaza khula reh gaya'), unhe column 2 mein likho.

2. Write the trigger. Column 3 mein likho ki yeh khayal kis cheez se shuru hota hai - koi jagah, cheez, time, person ya situation (public toilet, gas stove, number 13).

3. List the compulsion / ritual. Column 4 mein likho ki us khayal ke baad aap kya karte ho taki tension kam ho - haath dhona, check karna, counting, praying, reassurance. Mental rituals bhi likho.

4. Rate distress (SUDS 0-10). Column 5 mein likho ki ritual NA karo to kitni tension hogi - 0 (bilkul nahi) se 10 (bahut zyada). Neeche scale dekho.

5. Avoidance. Column 6 mein likho - kya aap us trigger/situation se BACHTE ho (avoid karte ho)? Haan / Nahi, aur kaise.

6. Did you resist the compulsion? Column 7 mein likho - kya aapne ritual rokne ki koshish ki? (Poora roka / Thoda roka / Nahi rok paaye).

7. Frequency & time. Column 8 mein likho din bhar mein kitni baar aur kitna time (minutes) us ritual mein jaata hai.

Golden rule / Yaad rakho: Pehle sabse aasaan (low SUDS) item se shuru karo, phir dheere-dheere higher SUDS wale items pe jao. Exposure ke time ritual mat karo - tension apne aap kam ho jayegi (habituation). Honestly bharo.

Exposure Practice Log / Exposure ki practice (Response Prevention)

Jab aap kisi item ka exposure karo (ritual na karte hue), SUDS note karo - start mein, 5 min baad, aur end mein. Dekhoge ki tension apne aap girti hai.
