

Homework #1: Self-Monitoring Log

Is Hafte Apne Patterns Ko Observe Karna

Naam: _____ Hafta: _____

Yeh Homework Kya Hai?

Is hafte, aapka SIRF ek kaam hai: OBSERVE karna aur RECORD karna. Aapko abhi kuch BADALNA nahi hai. Apne aap ko ek scientist samjho jo apne patterns study kar raha hai. Aapka kaam hai notice karna aur likh lena ki kya hua - bina apne aap ko judge kiye.

Main yeh kyun kar raha/rahi hoon?

1. Isse AAPKI khud ki awareness badhti hai obsession-compulsion connection ki
2. Isse humein woh information milti hai jo AAPKA personalized treatment plan banane ke liye chahiye
3. Bahut se patients bolte hain ki sirf NOTICE karne se hi cycle kamzor hone lagta hai

TIP: Jitna HO SAKE event ke PAAS mein bharo (1 ghante ke andar best hai). Agar din ke end tak wait karoge, toh important details bhool sakte ho. Yeh worksheet saath rakhein ya phone mein quick notes lo, phir yahan transfer karo.

Har Column Kaise Bharein

Column 1: TRIGGER / SITUATION (Kya ho raha tha)

Thought aane par aap kya kar rahe the? Kahan the? Kya ho raha tha?

Example: 'Ghar se kaam ke liye nikal raha tha' ya 'Kitchen mein knife pakda hua tha'

Column 2: INTRUSIVE THOUGHT (Bebulaaya Khayal)

Kya thought, image, ya urge aaya? Jitna specific likh sako utna likho.

Example: 'Kya hoga agar door lock nahi kiya aur koi ghus aaya?' ya 'Kya hoga agar maine bachche ko hurt kar diya?'

Column 3: ANXIETY LEVEL (0-100)

Kitni pareshani/darr mehsoos hua? 0 = bilkul shant, 100 = sabse buri anxiety possible

Scale: 0-20 halki | 21-40 medium | 41-60 strong | 61-80 bahut zyada | 81-100 extreme

Column 4: COMPULSION (Kya Kiya Response Mein)

Response mein KYA kiya? Dikhne wale actions AUR dimag ke andar ke actions dono likho. Avoidance bhi likho (kya NAHI kiya thought ki wajah se).

Example: 'Wapas gaya aur lock 4 baar check kiya' ya 'Dimag mein pichle 1 ghante review kiya ki kuch bura nahi kiya'

Column 5: RAHAT KITNI DER TIKI (Relief Duration)

Compulsion ke baad kitni der tak rahat mili? Minutes? Ghante? Kya wapas aa gaya?

Column 6: AGAR RESIST KIYA TOH ANXIETY (agar applicable)

Agar compulsion nahi kiya, toh anxiety level kya tha? Kitni der tiki?
