PROFESSIONAL EXPERIENCE

Intern — Clinical Psychology & Rehabilitation | Jagruti Rehabilitation Centre, Pune

Jan 2025 – Mar 2025 • On-site

- Conducted **100+ assessments** — case histories, detailed MSEs, IQ/personality testing, and projective techniques (Rorschach, TAT) — with inpatient psychiatric and neurological populations presenting with psychotic disorders, mood disorders, anxiety disorders, neurodevelopmental disorders, and sexual disorders.
- Observed and meticulously documented active psychotherapy and counselling sessions, contributing to multidisciplinary case discussions and structured treatment planning.
- Facilitated psychoeducational modules and daily rehabilitation activities to support patients' community re-entry.
- Maintained accurate clinical documentation, progress logs, and client case files under senior supervision.

Intern — Clinical Observation & Therapy | Vidula Psychological Consultancy, Pune

Apr 2025 – May 2025 • On-site

- Gained direct clinical exposure to child, adolescent, and adult populations presenting with varied clinical syndromes.
- Observed individual therapy, behavioural interventions, and counselling sessions led by senior consultants.
- Participated in clinical-supervision blocks focused on diagnostic classification, psychotherapeutic technique, and professional ethics.
- Documented clinical findings and contributed to active case-conceptualization seminars.
