PROFESSIONAL SUMMARY

Compassionate and ethically grounded Associate Clinical Psychologist with hands-on, supervised experience across hospital-based mental health settings, having conducted **100+ psychological assessments**. Skilled in clinical interviewing, Mental Status Examination (MSE), IQ and personality testing, and case formulation across the lifespan — with clinical exposure to psychotic disorders, mood and anxiety disorders, neurodevelopmental disorders, and sexual disorders. Adept at delivering client-centred, culturally sensitive, and trauma-informed care while upholding the highest standards of confidentiality and professional ethics.

CLINICAL EXPERIENCE

- Psychology Intern** 2024
Jai Prakash District Hospital, Bhopal
- Conducted **100+ psychological assessments** — including IQ/cognitive, personality, and projective testing — through supervised clinical interviews and detailed case histories across OPD and IPD populations.
 - Worked with clients presenting with psychotic disorders, mood disorders, anxiety disorders, neurodevelopmental disorders, and sexual disorders; supported diagnostic case formulation under senior supervision.
 - Administered and scored psychometric tools (BKT, Bhatia's Battery, VSMS, SSCT, TAT, Rorschach, MSE) and provided supportive counselling while maintaining accurate clinical records.
- Psychology Intern** 2024
Bhopal Memorial Hospital & Research Centre (BMHRC), Bhopal
- Gained exposure to multidisciplinary mental-health service delivery within a tertiary-care research setting.
 - Assisted in psychological testing procedures and patient engagement activities in an inpatient clinical environment.
